

## Bar Graphs

**Directions:** Use the bar graph on page 20 to answer each question.

1. How many students are in Mr. Dennison's fifth grade gym class? \_\_\_\_\_
2. What was the most popular sport? \_\_\_\_\_
3. What was the least popular sport? \_\_\_\_\_
4. How many more students voted for basketball than tennis? \_\_\_\_\_
5. How many students voted for a sport other than soccer? \_\_\_\_\_

### THINK

Are you more likely to use a bar graph to display categorical or numerical data? Explain.
