

My name is Erin Mouck, Senora Mouck to most of the students and to some of my youngest students I am "Senora Milk"! I answer to both! When I was a young girl, my family and I lived in Puerto Rico. I absolutely loved and embraced the Spanish language and culture!

After my undergraduate studies were completed, I received a scholarship to Monterey Institute of International Studies where I studied Spanish. Then, I met my husband, got married, and started having girls! Three daughters and 12 years later, when my oldest was going into Linfield Middle School, God opened the door to teaching at the Elementary School and here I am going on my 17th year! I loved living in Puerto Rico in my youth, and I still have a passion for traveling. I have been to Spain, Mexico, Costa Rica, and my family and I went to Chile last year. It was an amazing trip! I also love doing missions work in Mexico and in Haiti as often as God calls me to. God guides my journey!

I am excited about teaching our students Spanish language skills, culture, and sharing about Jesus and His amazing love through Bible verses and Spanish worship songs! It is my sincere desire to ignite in the students a passion for learning and speaking Spanish, as well as a desire to follow and serve Jesus!
