

Hello Linfield families!

I am so excited for my new role as the elementary Art teacher. This will be my 10th year teaching. I graduated with my BA from Cal Poly, San Luis Obispo on the beautiful central coast in 2006. Next, I earned my teaching credential from Cal State San Marcos and spent the next eight years teaching for Fallbrook Union Elementary School District. Seven of those years were teaching alongside my past teachers at my alma mater, Live Oak.

I met my husband, Matthew, while attending Cal Poly. We have been married 9 years and planted our roots in Temecula. Matt is now an air traffic controller at SOCAL TRACON. We have two awesome, fun loving boys, Michael and Maxton. Michael is 6 and in 1st grade here at Linfield. Maxton is 4 and loving preschool. We are all excited and thankful for the big changes that God has in store for our family this year.

I'm also thankful for the opportunity to get to know each and every child at the elementary school! This will be a great year. God Bless!
