

Hello, my name is Trent Pyne. This is my 5th year here at Linfield and I truly love where God has me right now. I can remember back when I attended Calvary Chapel Moreno Valley, the experiences and the community vibe is something I would never feel when leaving and going back to public school for high school.

I graduated from Valley View High school in 2005 and played varsity basketball. Soon after I attended Grand Canyon University, where I received my degree in Educational Studies with an emphasis in Business Education. My dad owns an afterschool program and a summer camp which is the reason for my career path in education. I didn't know it at the time, but God had a plan for me at a young age. Working with kids allows me to accept my purpose and appreciate the success and struggles that come with it.

My family is the most important thing in my life, and everything I do is for them. I married my high school sweetheart, Jennifer, in 2010 at the age of 22 and we've been riding the wave ever since. December 2012 we received one of God's most precious blessings and his name is Liam Nathan Pyne. Both of my parents were born and raised in Belize. I have huge family on both sides and we are very family oriented. We spend a lot of our time together, planning trips, and family BBQ's.

I grew up watching sports with my dad. Our teams were the Dallas Cowboys and the Chicago Bulls. I was amazed by Michael Jordan, but that all changed the moment I started to watch Kobe Bryant work his magic on the court, and immediately became a diehard Laker Fan. I can't express how important it is for you child NOT to speak of LeBron James in my class. Although these are my favorite sports to watch, soccer has been my favorite sport to play. I've played my whole life and have coached at the varsity level for eight years.

As I teach my students about physical fitness, I reflect on the importance of the lessons they learn from me. I want them to understand the importance of physical health along with the skills they take from being on a team. I am constantly on a journey to be a better Christian and practicing ways to grow my faith and testimony. I'm excited to embark on another year of teaching at Linfield and the journey that is filled with endless opportunities. I love being at Linfield! I have personally witnessed the morals and standards that make an uplifting working and learning environment. I look forward to the personal and spiritual relationships that I will gain and continue with this coming year.
