

Hello!

My name is Sarah Wiczorek (pronounced Wich-or-eck) and I will be your child's fifth grade teacher. It is going to be a wonderful year as we grow, discover, and explore the joy in learning! My particular passion and theme in teaching is discovery– asking questions and discovering answers, forming ideas and developing them, and thinking outside the box! I believe that this creates better learners, motivated to continue to learn throughout their lives. My desire for my students is that they embrace learning and see it as an opportunity to develop into the best they can be!

I am originally from Fallbrook, CA. I went to private school growing up before attending Westmont College in Santa Barbara. While in college, I spent the summers working at Mount Hermon Christian Camp as a counselor. There I met my wonderful husband, Matt. After I graduated and earned my teaching credential, I married my husband and moved to Bakersfield for a year, but we both felt that the Lord was calling us south. So, after some prayer, we made our way to beautiful Temecula. We attend Calvary Chapel Bible Fellowship and have loved being a part of the unique and Bible-based community of Linfield. This will be my fourth year at Linfield and I am so excited to see all that God has planned for us!
